 Current subscriptions are free of charge, although donations are gratefully accepted. Back issues are available: Volume I (#1-4), Volume II (#5-8) are each \$2.50, payable by cheque to 'HSTC Bulletin.'

NEWS

CONFERENCE ON NORMAN BETHUNE

The Bethune Foundation is sponsoring a conference at McGill University on 16-18 November 1979, in honour of the 40th anniversary of Norman Bethune's death in China. Amongst the papers will be discussions of Bethune's views on medicine, his surgical techniques, and the social background of health care in Montréal in Bethune's time.

Further information may be obtained from:

 Bethune Secretariat
 772 Sherbrooke St. West
 Montréal, Québec
 H3A 1G1

 PROCEEDINGS OF THE KINGSTON
 CONFERENCE

 The participants of last November's Conference on the Study of the History of Canadian Science and Technology, held at Kingston, were in agreement that the proceedings of that meeting should be published and funds had been obtained by the organizing committee towards that end. The proceedings, under the title of Science, Technology and Canadian History/Les sciences, la technologie et l'histoire canadiennes, edited by R.A. Jarrell and N.R. Ball, will be published by the Wilfrid Laurier University Press. It is hoped that the volume will be available by November 1979. The proceedings will be printed in soft cover and will be sold at a reasonable price.
