I would like to thank J. K. Numao for stepping forward to prepare this listing of items published in Japanese. I had indicated in the introduction to the 2020 version of “Recent Publications” that my linguistic limitations led to the omission of many items from the bibliography, and I had flagged Japanese as one of those (many) limitations. I’m pleased that Kei has filled in this gap. I would welcome anyone else who is willing and able to fill similar gaps in my account of the scholarly record—Chinese, Korean, Arabic, Persian, Russian, Polish, etc.—to contact me about producing another addendum to the 2020 version of “Recent Publications.”
