MEETINGS

Canadian Society for History and Philosophy of Science/
Société canadienne d'histoire et de philosophie des sciences

The annual meeting of CSHPS/SCHPS will be held at the University of New Brunswick, Fredericton, May 28-30, 1977 in conjunction with the Conference of Learned Societies. Prof. Steven Turner of the U.N.B., programme chairman for the meeting, reports there will be two Canadian sessions. A papers session will include:

W. E. K. Middleton, "Physics at the N.R.C., 1929-39"

Raymond Duchesne, "Production and Reproduction of Scientific disciplines: Natural History in French Canada during the 19th century"

Bruce Sinclair, "American Influences on Canadian Engineering Professionalism"

A workshop on the problems and sources of the history of Canadian Science and technology is also scheduled, with informal papers by Donald Phillipson (N.R.C.) and Richard Jarrell (York). In addition, Arthur Covington (N.R.C.) will give a work-in-progress report on "Some Aspects of Radio Science and Technology."

Further information on the CSHPS/SCHPS programme, contact Prof. Turner, c/o Dept. History, University of New Brunswick, Box 4400, Fredericton, N.B. E3B 5A3. (506)453-4621.

NEW PUBLICATIONS

Carol Priamo, Mills of Canada. Toronto: McGraw-Hill-Ryerson, 1976

William Fox, The Mill. Toronto: McClelland and Stewart, 1976.

Two coffee-table books for the Christmas 1976 trade. Both have abundant pictorial material and are handsomely produced. Priamo's work will be of more value to the historian since she has included a good amount of technical detail.
