NORMAN R. BALL was recently appointed chief of research for the National Museum of Science and Technology in Ottawa and has just published a history of Canadian engineering.

JACQUES BERNIER est actuellement Professeur titulaire d'histoire à l'Université Laval; il a publié plusieurs oeuvres sur l'histoire de la médecine et, récemment, il fait des recherches sur l'histoire industrielle.

JAMES T.H. CONNOR has published several articles on the history of Canadian scientific institutions and chemistry. He is completing a doctorate at the University of Waterloo.

RICHARD JARRELL is Associate Professor of Natural Science at Atkinson College, York University, and has recently completed a history of Canadian astronomy.

BERTRUM MACDONALD, has just completed a doctorate in the School of Library and Information Science at the University of Western Ontario, has been appointed to the library school at Dalhousie University.

ALAN MCCULLOUGH is a member of the research division of the National Historic Parks and Sites Branch of Parks Canada, with wide interests in the history of Canadian science and technology.

C. DAVID NAYLOR is a physician and historian of medicine residing in London, Ontario. He was Chief Resident in Internal Medicine at Victoria Hospital (1985-86).

R. ALAN RICHARDSON, Associate Professor of the History of Medicine and Science at the University of Western Ontario, has just completed, with Bertrum MacDonald, the *Bibliography of Primary Sources to 1914*.

JAMES WARDROP is the deputy head of the Modern History Division of the Royal British Columbia Provincial Museum, recently specializing in industrial sites, and is the new Book Reviews Editor of this journal.
