Summers, R. (1987). V.E.C. Poetry (Extraits). *Inter*, (36), 24–25.
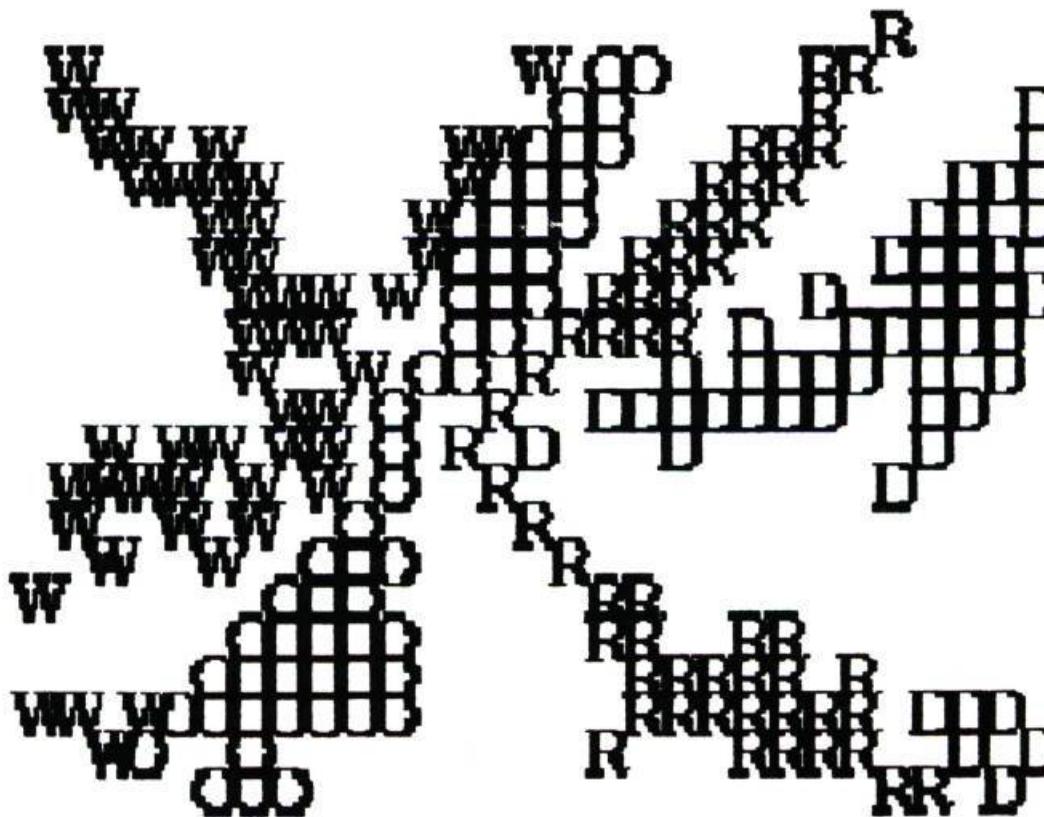

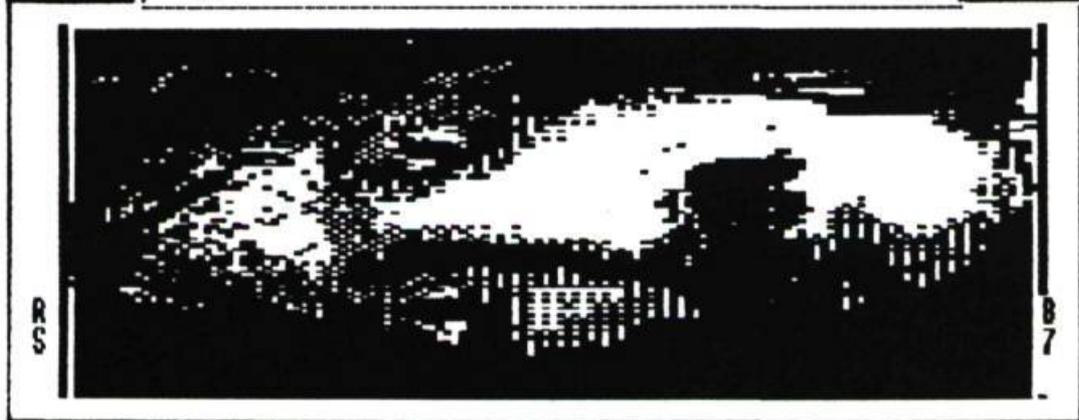

COMPUTER POEM DISPLAY

1987/1

The recent development of WIMP systems for the home or personal computer coupled with software for art and typesetting have extended the machines poetic possibilities yet further.
The VEC computer now speaks the poems as they are displayed in animated form upon the monitor screen.
Poetry is still here.
